**8) Of the total 228 responses who gave opinion in this questions on few additional feedback below are some responses which are reproduced:**

1. Students need more clean washrooms and a good supply of water in the same.
2. Overall all the activities, educational knowledge, sport training, laboratory, library services provided by Wilson college is excellent.
3. I enjoyed every single day of my college life, from FYJC - TYBA I had an amazing learning experience and an unforgettable Memories, Staff Members are very good and caring, their way of explaining the subject is

very informative, Since 2014, I learnt many new things and it all shaped me and made me into a complete new person who I am today. Wilson College is a Blessing; I Thank JESUS for Taking Me to This Place. Chapel is one of the most Beautiful Places in College. College Chapel is My Favorite Place, I Encountered JESUS and Experienced HIS Great Love for Us, I am truly Blessed by Learning life lessons from The Bible taught during the Chapel Service along with Other Subject Learning experiences.

4. The Physics lab requires better quality of equipment. The physics faculty is one of the best in the city, but we were unable to learn outside the syllabus, because, due to lack of properly working lab equipments, our free time/ lab time would be spent troubleshooting the equipment to "make do", after which, I personally would be too exhausted and frustrated to do anything more.

5. One request college office staff doesn't do the needful work of students in a team expected of university level.

6. College Office staff members are very rude not all but few of them. Also when we approach them they at times don't entertain us and provide us the help needed or give us proper information.

7. Boys common room to have a proper water facility, if possible the ticket concession counter to be opened before 11:30 am.

8. No Placement facility provided by college ,BAF students never got the opportunity in the finance sector.

9. Additional extra-curricular opportunities in terms of experience and resumé building activities should be made available.

10. I will never forget what this college has given me. I have built my personality, confidence through various activities organized in this college. I was also able to excel in academics and sports. I will always remember the time I have spent in this college. The faculty and the support staff were very helpful. The elective subjects chosen by the BMS department were very interesting. The best part of this college is that it does not burden the students with a lot of academic work and gives time for extra curricular

activities also. Thank you for being a part of my BMS journey and making it memorable!!

**11.** Teachers were changed every semester and in the third year of IT the teachers were not available to teach subjects that would help us to build some valuable projects. Last year, the topics taught by teachers were never satisfactory except for some teachers. College infrastructure is excellent but teachers are the main foundation of any infrastructure and I think that isn't as strong as it should be. Overall, Wilson college will be my life's best experience.
