No, as a policy of the society that isn't allowed. This is because which room will be allotted is not known and also if room is allotted to students roommates may not be available in the room at that time. But rest assured the rooms are well maintained and comfortable.

Each student is provided with a cot, cupboard, table chair and stand for drying clothes. Coir Mattress and not the cotton ones are needed and can be provided at a discounted cost of Rs.2850/- with prior intimation. Money to be paid in cash to the vendor. The choice is yours.
